4. PARENT / CAREGIVER INTERNET AGREEMENT

I understand that the Internet can provide students with valuable learning experiences.

I also understand that it gives access to information on computers around the world: that schools cannot control what is on those computers; and that a very small part of that information can be illegal, dangerous or offensive. The Junction Public School in association with the NSW Department of Education attempts to minimise this by using programs to limit access to such sites.

I accept that while teachers will always exercise their duty of care, protection against exposure to harmful information must depend finally upon responsible use by students.

I understand that access for my child is a privilege; not a right and such access entails responsibility.

Under my guidance my child will understand that responsibility, and I hereby give permission for him/her to access the internet under the guidelines listed in the Internet Code of Behaviour and Agreement.

I understand that students breaking the rules will be subject to appropriate action as determined by the school and that this may include suspension of their school internet account.

I will talk to my child about what this agreement, (see section 3), means.
